DECEMBER

It's the most wonderful
time of the year.

MESSAGE FROM Administration

Family is the most important influence in a child's life. Your child is who they are because of you and the support, lessons and guidance you provide every day. Research shows that students do better when families and educators work together as equal partners and engage in meaningful conversations. It is important to share your concerns with the teachers. Knowing how your child is doing in school- academically, emotionally, socially and mentally- will help you better understand their overall well-being and academic progress.

Suggestions to help you:

- Read & respond to teachers DOJOs and emails
- Check the school website & social media for updates
- Log into your parent portal for attendance and grades weekly
- Monitor the technology program usages.

We are in this together,
Yvette Rodriguez, Principal
Maydelin Beceiro, Assistant Principal
