## MESSAGE FROM Administration

Dear BPA Family,  
As we begin a new month it very important, we stay well-informed & connected with daily activities. Our monthly calendars, website, Class Dojo & social media accounts support our communication efforts. Be sure to stay abreast on school news so your child participates & feels a strong part of our school culture.

Testing season is quickly approaching! All students have their assignments to complete weekly. This includes completion in the individual technology programs that support their academic needs. Teachers post weekly calendars to help families stay informed on all required assignments.

# FEBRUARY

All you need is love.
